

# BLACK HILLS NATIONAL CEMETERY

Client: National Cemetery System  
 Department of Veterans' Affairs  
 Location: Strugis, South Dakota  
 Size: 30 acres

A long-range expansion master plan was created for a 30 acre expansion and rehabilitation to the existing 50 acre National Cemetery, located at the edge of the beautiful Black Hills.

Project improvements included grave site expansion, entrance renovation, creation of a memorial plaza, a new cremation interment area, a water and irrigation system, in-fill plantings, natural landscape improvements, and administration /maintenance /service yard additions.
